

Did you know that many local and national companies match donations made by their employees? That means your \$50 gift could become \$100, and some companies even donate funds based on an employee's volunteer hours. If you don't see your company listed here, please contact your human resources representative to find out how you can best leverage your gift to assist us in our mission to enhance and extend the educational and social experiences of children at Clark Elementary and serve as an accessible resource for the Clark community. Clark PTA is a non-profit 501(c)(3) organization.
